

ATTORNEY GENERAL OF TEXAS
GREG ABBOTT

September 24, 2010

Mr. C. Brian Cassidy
Locke, Lord, Bissell & Liddell, L.L.P.
100 Congress, Suite 300
Austin, Texas 78701-4042

OR2010-14569

Dear Mr. Cassidy:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 398346.

The Cameron County Regional Mobility Authority (the "authority") received a request for the South Padre Island Second Crossing draft environmental impact statement (the "EIS") and supplemental traffic and revenue study. You state the authority does not have information responsive to the request for a supplemental traffic and revenue study.¹ You claim the EIS is excepted from disclosure under section 552.111 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.111 of the Government Code excepts from disclosure "an interagency or intra-agency memorandum or letter that would not be available by law to a party in litigation with the agency." Gov't Code § 552.111. This exception encompasses the deliberative process privilege. *See* Open Records Decision No. 615 at 2 (1993). The purpose of section 552.111 is to protect advice, opinion, and recommendation in the decisional process and to encourage open and frank discussion in the deliberative process. *See Austin v. City of San Antonio*, 630 S.W.2d 391, 394 (Tex. App.—San Antonio 1982, no writ); Open Records Decision No. 538 at 1-2 (1990).

In Open Records Decision No. 615, this office re-examined the statutory predecessor to section 552.111 in light of the decision in *Texas Department of Public Safety v.*

¹The Act does not require a governmental body that receives a request for information to create information that did not exist when the request was received. *See Econ. Opportunities Dev. Corp. v. Bustamante*, 562 S.W.2d 266 (Tex. Civ. App.—San Antonio 1978, writ dismissed); Open Records Decision Nos. 605 at 2 (1992), 563 at 8 (1990), 555 at 1-2 (1990), 452 at 3 (1986), 362 at 2 (1983).

Gilbreath, 842 S.W.2d 408 (Tex. App.—Austin 1992, no writ). We determined that section 552.111 excepts from disclosure only those internal communications that consist of advice, recommendations, opinions, and other material reflecting the policymaking processes of the governmental body. *See* ORD 615 at 5. A governmental body's policymaking functions do not encompass routine internal administrative or personnel matters, and disclosure of information about such matters will not inhibit free discussion of policy issues among agency personnel. *Id.*; *see also City of Garland v. Dallas Morning News*, 22 S.W.3d 351 (Tex. 2000) (section 552.111 not applicable to personnel-related communications that did not involve policymaking). A governmental body's policymaking functions do include administrative and personnel matters of broad scope that affect the governmental body's policy mission. *See* Open Records Decision No. 631 at 3 (1995).

Further, section 552.111 does not protect facts and written observations of facts and events that are severable from advice, opinions, and recommendations. *See* ORD 615 at 5. But if factual information is so inextricably intertwined with material involving advice, opinion, or recommendation as to make severance of the factual data impractical, the factual information also may be withheld under section 552.111. *See* Open Records Decision No. 313 at 3 (1982).

This office has also concluded that a preliminary draft of a document that is intended for public release in its final form necessarily represents the drafter's advice, opinion, and recommendation with regard to the form and content of the final document, so as to be excepted from disclosure under section 552.111. *See* Open Records Decision No. 559 at 2 (1990) (applying statutory predecessor). Section 552.111 protects factual information in the draft that also will be included in the final version of the document. *See id.* at 2-3. Thus, section 552.111 encompasses the entire contents, including comments, underlining, deletions, and proofreading marks, of a preliminary draft of a policymaking document that will be released to the public in its final form. *See id.* at 2.

Section 552.111 can also encompass communications between a governmental body and a third-party consultant. *See* Open Records Decision Nos. 631 at 2 (section 552.111 encompasses information created for governmental body by outside consultant acting at governmental body's request and performing task that is within governmental body's authority), 561 at 9 (1990) (section 552.111 encompasses communications with party with which governmental body has privity of interest or common deliberative process), 462 at 14 (1987) (section 552.111 applies to memoranda prepared by governmental body's consultants). For section 552.111 to apply, the governmental body must identify the third-party and explain the nature of its relationship with the governmental body. Section 552.111 is not applicable to a communication between the governmental body and a third-party unless the governmental body establishes it has a privity of interest or common deliberative process with the third-party. *See* ORD 561 at 9.

You state the authority is charged with implementing innovating transportation solutions and accelerating the development of needed transportation projects in Cameron County. You state the EIS relates to one of the authority's initial projects, which is the construction of a

causeway connecting South Padre Island to mainland Cameron County. You inform this office that the submitted information is a draft version of the EIS, which was created by a consultant working on behalf of the authority, in cooperation with the Texas Department of Transportation ("TxDOT"). You state the draft EIS is currently being approved by the Federal Highway Administration (the "administration"), and that upon receipt of comments from the administration, TxDOT and the authority will revise the draft EIS before it is circulated for public comment. You state the authority, TxDOT, and the administration share a privity of interest and common deliberative process with respect to the draft EIS because these entities share responsibility for the development of the EIS. You state the authority will release the EIS in its final form. *See* 23 C.F.R. § 771.123(e), (g) (draft EIS must be made available to public upon administration's determination that it complies with applicable requirements). Based on your representations and our review, we find the authority may withhold the submitted draft EIS under section 552.111 of the Government Code.
